

Model One BT | 20th Anniversary Limited-Edition AM / FM Bluetooth® Table Radio

A Celebration of Design

Since 2000, Tivoli Audio has been proudly producing the Model One table radio, a statement in timeless design, and the cornerstone of the brand. Known for its precision tuning, incredible audio quality, and simple functionality, the Model One has sold all over the world and continues to please music and design lovers to this day.

To celebrate the twentieth anniversary of our company, Tivoli Audio is producing a limited-edition Model One BT in a high gloss lacquer coated walnut finish. Atop the unit reads 20th Anniversary in mother-of-pearl inlay, commemorating this special occasion. The knobs and tuning dial have been crafted out of wood and coated in high gloss lacquer to match the radio's cabinet. The rest of the product remains the same. Simple and stylish – at home in any space to provide you with years of listening pleasure.
